## Innovate, Collaborate and Elevate with AKA!

By joining AKA, you become a part of a community driven by innovation and a vision for a cleaner world, transforming global power utilization and increasing sustainability with cutting-edge technology.

### WHO WE ARE

AKA Energy Systems (AKA) is a systems integrator that offers innovative energy solutions to various industries. With a team of electrical, mechanical, software, and automation engineers, we...

- **DEVELOP,**
- **BUILD,**
- **TEST,**
- **DEPLOY, and**
- **MAINTAIN**

Power systems in marine and offshore industries, microgrids and renewable energy technologies in land-based industries. We operate from offices located in Canada, the United States of America, Europe, and Asia, with teams deployed around the world. Engineering, Manufacturing, and Services are based primarily in our Prince Edward Island facilities.

*We prioritize caring for one another, our communities, and the environment. Our goal is to create a significant and positive global impact through the development, advancement, and commercialization of technologies that enhance safety, promote environmental cleanliness, and improve overall well-being.*

### OUR COMMITMENT TO YOU

- Creative and challenging work environment immersed in cutting-edge technologies
- Working with experienced cross-functional teams in a globally renowned company
- Flexible working conditions and exciting travel opportunities
- Continuous training, and professional and personal development
- Opportunities to learn and work across a wide array of projects and engineering disciplines
- Competitive compensation package, including attractive group benefits.

# PROJECT MANAGER

Employment: Full Time | Reports To: PMO Leader | Location: Poole's Corner, PEI

## ABOUT THE ROLE

We are seeking a Project Manager with a keen interest in advanced technologies to lead our engineering, manufacturing, and service teams towards successful delivery of our projects.

This position requires an agile team leader with excellent communications skills and a clear sense of responsibility to deliver on our promise to our customers and the environment and stay true to our principles.

### POSITION RESPONSIBILITIES PROJECT MANAGEMENT

- Manage deployment of multiple projects from initiation to closure
- Work with business sponsors to develop effective and efficient project plans
- Manage project schedule and budget to monitor project health
- Develop a deep understanding of customer expectations to provide excellent customer support
- Seek win-win solutions in technically and commercially challenging customer interactions
- Promote dialogue within and across teams and build consensus
- Rapidly adapt and respond to changes in priorities and the external environment
- Manage risks and issues in a proactive and constructive manner
- Develop all project management related documentation

### POSITION RESPONSIBILITIES PROJECT MANAGEMENT ROLE DEVELOPMENT

- Facilitate continuous improvement of the project management role
- Champion ongoing education and application of project management methodologies throughout the organization
- Provide training, coaching, and mentorship

### POSITION REQUIREMENTS EDUCATION & EXPERIENCE

- Bachelor's degree in business and/or engineering field preferred
- Knowledge of engineering and advanced manufacturing processes considered an asset
- PMI certification considered an asset
- Familiarity with project management tools and software packages
- Minimum 3 years' experience working in a team-oriented, collaborative environment
- Preferably 2 years of project management experience
